MISSION STATEMENT

The mission of the North Royalton Office on Aging/Human Services, from its inception in April of 1978, has been to advance the health and independence of older adults within our community. We provide older residents, age 55 and over with home and community based service information. It is our goal to help older adults live independently in the community with dignity and peace of mind.

Since knowledge should be shared and since many government programs for the elderly are also available to younger, disabled or disadvantaged persons, it has been the desire of the Office on Aging/Human Services, the Administrative and Legislative bodies of the City of North Royalton to include all residents who have need and seek help with these programs. This goal has been reached through referral to community and governmental resources.

It is our continuing goal to provide services to the best of our ability while respecting the needs of others to receive these services with dignity and receive them in a confidential manner.

Partnerships-

Kiwanis/Royal Redeemer Food Pantry
Senior Transportation Connection
UH Parma Medical Center
Dept. of Senior and Adult Services

We will help you coordinate your Medicare, MediGap Insurance, Medicare Advantage, Medicare Part D, and "Extra Help" as our staff are Certified OSHIIP (Ohio Senior Health Insurance Information Program) Counselors.

Our NRSVP (North Royalton Senior Volunteer Program) volunteers are active in all walks of life. Some of the areas they contribute are: making chemo caps, butterfly pillows and hospice blankets for area hospitals, nursing homes and cancer centers. Volunteers assist with the North Royalton Food Pantry Partnership and work at the City's Senior Center. When necessary, we work with our local Safety Forces and hospitals regarding elderly needs.
