Recycling Tips!

Three simple rules to recycle correctly:

2. Rinse the item thoroughly and put the cap back on tightly.
3. Put it in your 64-gallon recycling cart.
Recycling in North Royalton is easier than ever.

Combine the following items loose, not bagged, in your 64-gallon recycling container.

What plastics should I recycle and what about those numbers?

It used to be that we looked for a number surrounded by a recycling symbol to determine if a plastic container was recyclable. Now we look at the shape of container to decide if something is recyclable, making recycling plastics easier.

Leave These OUT of Your Curbside Recycling

It’s important to recycle correctly. Some items don’t belong in your curbside recycling.

Other Unacceptable Items:

- Batteries
- Buckets
- Chemicals
- Dishware
- Light Bulbs
- Needles
- Pots & Pans
- Pots & Pans
- Plastic grocery bags, bread and sandwich bags, plastic wrap, bubble wrap

- Hoses, chains, ropes, chords, hangers, wires, light strands, cassette tapes
- Bed Sheets
- Car Parts
- Solo Cups
- Electronics
- Needles
- Toys
- Hazardous Items

Make your efforts worthwhile by not placing these items in your recycling container. They may be dangerous to employees, damage sorting equipment or reduce the success of the program.
